## BEAUTY OF SIGHT ANNUAL OPEN HOUSE - MARCH 22, 2025

On Saturday, March 22, 2025, Beauty of Sight hosted its annual Open House. We were honored to welcome Lions from across the Multiple District for a day filled with connection, education, and celebration.

Our Executive Director emphasized the outstanding work at our Eye Bank, highlighting our dedicated team, the advancements in eye banking, and an inspiring vision for restoring sight in our communities.

Guests enjoyed guided tours of the Eye Bank, state-of-the-art laboratories, and our innovative research center, gaining a firsthand look at the science, passion, and mission behind our work to restore the beauty of sight.

We concluded the day with delicious food, fantastic music, a BBQ lunch, and an enjoyable raffle featuring many lucky winners!

---

## APRIL- SPORTS EYE SAFETY MONTH

An estimated 100,000 people are hurt by sports-related eye injuries each year. About 13,500 of these injuries result in permanent vision loss. In support of Sports Eye Safety Month this April, the American Academy of Ophthalmology reminds athletes everywhere that the great majority of sports-related eye injuries can be avoided by simply wearing the proper protection.

## BEAUTY OF SIGHT CELEBRATES NATIONAL DONATE LIFE MONTH WITH COMMUNITY ENGAGEMENT

In celebration of National Donate Life Month this April, Beauty of Sight proudly partnered with Life Alliance and Legacy Donor Services to connect with nursing teams at local hospitals and honor the heroes who make organ, eye, and tissue donation possible.

As part of the month's activities, we connected with nurse managers and charge nurses from both Boca Raton Regional Hospital and Good Samaritan Medical Center, sharing vital information about the life-changing impact of donation. Additionally, we engaged with members of the community during a tabling event at Boca Raton Regional Hospital.

The highlight of each event was hearing firsthand from two grateful recipients—Fatemeh, a cornea recipient, and Clarence, a liver recipient—who shared their powerful stories of healing and hope. They also expressed heartfelt thanks to the dedicated nursing teams whose timely actions help make donation and transplantation possible.

We are deeply grateful for the opportunity to raise awareness and inspire meaningful conversations about the gift of life. Every registration and every conversation brings us one step closer to saving and enhancing lives.
